Invitation

Bio-Rad ddPCR user day, Antwerp

Join us to learn more about Droplet Digital PCR and discover the potential of this exciting technology in your molecular research.

When: September 26th, 2019, 9:30-16:30
Where: Tulip Inn, Potvlietlaan 2, 2600 Antwerpen, Berchem
For further information contact Koen_Degelas@Bio-rad.com or register at:
http://bit.ly/ddPCRAntwerp

9:30 - 10:00 Arrival and coffee

10:00 - 10:30 Seven years into ddPCR, an overview, Caroline Weydert, Bio-Rad

10:30 - 11:00 Liquid biopsy in breast cancer: clinical applications and challenges, Françoise Rothé, Institut Jules Bordet, Brussels

11:00 - 11:30 Validation, implementation, and accreditation of ddPCR assays in clinical diagnostics, Koen Jacobs, AZ Sint-Lucas, Ghent

11:30 - 12:00 Coffee Break

12:00 - 12:30 Optimized (pre) Analytic Conditions and Workflow for ddPCR Analysis of cfDNA from Patients Suspected of Lung Carcinoma, Remco De Kock, Catharina Hospital, Eindhoven

12:30 - 13:00 Effective duplex and multiplex data analysis and management using Roodcom WebAnalysis, Rogier Nell, Leiden University Medical Center, Leiden

13:00 - 14:00 Lunch

14:00 - 14:30 Searching in the dark: environmental DNA based monitoring of the mysterious European weather loach (Misgurnus fossilis), Rein Brys, Institute for Nature and Forest (INBO), Geraardsbergen

14:30 - 15:00 HiBiT tagging of endogenous genes, an explorative study, Marc De Raeymaeker, Galapagos

15:00 - 15:30 Future perspectives in ddPCR, Koen De Gelas, Bio-Rad

15:30 - 16:30 Goodbye coffee and discussion

BIO-RAD
